the Sun was finally released last week

We are God, he must please answer the design of the Sioux. Vision is not a dream. Royal blue light and I I woke up in the background
away from the white light that is included in the following figure.

Figure and deep baritone voice is expected to penetrate every cell of my body. "I am with you always, until the end of the day, 27 hours
yesterday morning, the morning of the world," he said.

The Bible is talking about coming for a lot of flashing large amounts of heat, metal, flying skills to zoom into the eastern horizon, and kidnapping thousands of people

He expressed the willingness to come and defeat all human beings
the senior commander of the fleet immediately to take total control of the planet,
by open arms, What are welcomed

Shitara that melt the flesh off the bones of his people and his opposition
All human beings afraid of the awesome people I met there in the Bible
What gives them the power is their fear

rejected by the community of ancient astronauts
they are flying, round, shine
from a flash drive and the first book to be true
the physical nature of the Hebrew God this preferred mode of travel technology
the immense and wonderful sights and sounds generated by these vehicles

Beauty and glory, tours and short-term, direct, open sound effects, these vehicles are related to the richness of the next generation.

Equilibrium found!

You've done this before, haven't you?

“soft, like the air, removing the veil is unclear”

In principle, God created the sky and the Earth. This earth does not print the page, and the emptiness, and the darkneses cover the Abyss. And the Spirit?

And I look and extend it

and he speaks and he said "it goes in toward the center of spin to put an angel's head and fill your hands with coals of fire." And he will appear before my eyes

high, honored forever

in the head of the angel is the threshold of the house and the house is filled with the cloud, the forecourt was filled with the brightness; honorable forever

And the sound of wings of the angel's head

the suburbs gyrate
and it comes and goes. And it appears in the form angels
the man under their wings
And the four eat it, it was spinning in the center of spin

they will look into it in the place where the beautiful head is, then they range, turning in its course. And his whole body and ribs, hands and wings and wheels, the eyes

and the four sides are each other, angel and the face to face by; man and side by side in the third and fourth a lion eagle

angels' heads raise their wings and before my eyes

the creature saw me in an experience of God
Israel in the nearby river
and I know that they are heads of angels

Also, the vision of my friend was converted to a black tornado, sitting on the side of the fountain, Jesus, the fountain, it is that Jesus was a black hole, really is the devil.

The vision of my friend. A black tornado, Jesus is actually a fountain, is a black hole, the devil, Jesus is sitting on the side of the fountain and was converted.

Four faces and four wings of each for each, and the similarity of the hand; the man under their wings. How the similarity of their faces? They are the face, nearby river, their appearances and himself, and every line straight before that they will.

First, my work, I know your vision?
Please I will be preaching to you.

One of the two religions, two ways: two categories:

the 1,2,1 1111111 1111111111 evil is the result of one single clear vision.

My vision, I am just 15 years old. Many works of the devil. I have to go to church, yet occur.

very difficult

my birthday

order an itch
to test the system

But, if the words portray flying vehicles in an age that had no flight, it raises questions.

Meanwhile, however, when drawing the appropriate object, this order is in the air.

Then I saw another angel in the descending sky. It had a great power, and the Earth was illuminated by a spider. With the powerful voice it called: "The favor is convinced of the great Babylon! It was a room of demons and bad spirit to each, one for each impure and hated bird. For all towns, their adultery drank wine. The Earth kings have fornicated with her, and rich Earth merchants turned into their excessive luxury." And I heard another voice of the sky: "To go to town, reason why in his sins they are not divided, reason why it receives in anyone of his failures, they are accumulated by his sins to the sky, and God remembered its crimes to him." To give back when it returned, to pay the double. It mixes one double portion of its own glass. To give much of the torture and the death, the fame and luxury. In its heart, it praised, "I am not seated as she reigns, I am a widow, and they do not complain." It is a day by its incapacity to go beyond the death and the mourning and the hunger. He is going to be consumed by the fire, is the gentleman: God much judges him. Like Earth kings, the adultery with him and his luxury common to find that the smoke of the fires, that cry and cry, envelop them. If it is scared torment, distance, and shouted: "Breathe you, breathe, the great city, oh Babylon, city of being able! In one hour, its destiny has arrived!" Then, a strong angel who raised a stone and threw it to the sea, said: "The great city of Babylon will be sent with such force, more than ever found still. Musical music hears once and never Harfenistin Flötenspieler and trompeteros. There is no working. Commerce is always in you. Babylon the sound will always hear more in you. The light of a lamp never looked like you more. The wife and husband voice will hear more in you. Because your merchants were the great men of the world." For his enchantments to all the people they carried out themselves in madness. In her, the blood of the prophets was recognized and sanctified, and whatever it is fulfilled in the Earth.

Please all distrust and skepticism. If she takes (he is), is showing a room for prayer with God. Anyway, I closed my eyes. I think I have seen. Face of Jesus Christ. And I gradually had to close their eyes. He was on the cross.

And whether or not God (he drinks), and then, I was a prayer room.

Then I saw another angel in the descending sky. It had a great power, and the Earth was illuminated by a spider.

Then I, in descending order of the sky, I saw another angel. The key strength of the earth, the light of this spider.

In its heart, it praised, "I am not seated as she reigns, I am a widow, and they do not complain." It is a day by its incapacity to go beyond the death and the mourning and the hunger.

the incompetent mourning of starvation

"They, more importantly, impose a rule in our hearts," I said. "I was widowed in the morning she was sitting," he said. On this day, we move beyond the grief of the death of an incompetent hunger.
